Claims

Typical causes for a claim to be adjusted, delayed or denied:

1. Incomplete or inaccurate warranty claims
2. Warranty claims which are not received at Unionaire within 30 days after the service date.
3. Charges that are greater than our rate allowance.

Rates

The rates include typical time for **DIAGNOSIS** and **REPAIR** by a qualified and certified HVAC installer/Service technician.

If special or unusual circumstances existed on a service call, the technician should inform the local Unionaire Distributor. The Distributor will then contact their Unionaire Sales Agent for a recommendation.

Please note that verbal recommendations at Unionaire do not mean that authorization has been given for special coverage. This type of authorization needs to be provided in writing from Unionaire Corp.

All rates are subject to change without prior notice.
